World Organization of Family Doctors  
SINGAPORE

Dear Sirs,

The Spanish Society of Primary Health Care Doctors (SEMERGEN) has applied to join to the World Organization of Family Doctors (WONCA).

The Spanish Ministry of Health and Social Policy supports this candidature. In our opinion, it is very convenient that national scientific societies were integrated in international societies in order to improve the professional development of the physicians and the quality of health care.

Yours sincerely,

Consuelo Sánchez Naranjo  
Under-Secretary for Health and Social Policy
